- Convenient, reliable flash-based design
- Compatible with both PC and Mac® systems
- Five-year limited warranty

Capacities:

16GB
32GB
64GB
128GB

Easily-Accessible, Ultra-Portable Backup Drive

As a business professional on the go, it's important that you ensure the work you do on your netbook or notebook is secure and protected. And with a busy lifestyle, there's no time for the hassle and complexity of a traditional backup solution, and no room to carry an external hard drive and cables with you. Developed with this in mind, the Lexar® Echo SE backup drive is an easily-accessible, ultra-portable drive that provides a convenient way to automatically back up and protect your files on the go. The drive is available in 16GB, 32GB, 64GB, and 128GB capacities.

Automatically and Securely Back Up Files

Easily-Accessible Solution. The Lexar Echo SE backup drive is an ultra-portable backup solution that easily plugs into your system's USB port for automatic backup of your files.

Automatic Backup of Files. The backup function of the Lexar Echo SE drive activates as soon as it's plugged into your USB port. Built-in Lexar Echo backup software securely and automatically encrypts files and performs ongoing backups to any files in use, helping to protect your data. It also easily restores previously saved versions of a file, preventing you from accidentally overwriting or deleting files. And the software works across platforms with one seamless interface, allowing you to easily back up or restore files on either a PC or a Mac® system.

High-Capacity Options. The Lexar Echo SE backup drive comes in a range of high-capacity options—from 16GB to 128GB—so you can back up and protect large volumes of data while on the go.

High-Performance for Users on the Go. The high-performance Lexar Echo SE backup drive provides convenient, reliable flash-based storage on the go. With speeds up to 28MB/s read and 10MB/s write, the drive lets you quickly back up and protect more of the files that matter—great for your mobile lifestyle.*

Lexar offers a comprehensive line of innovative, award-winning memory products in several categories, including memory cards, card readers, DRAM, USB flash drives, and portable backup drives. With so many options, it's easy to find the right Lexar solution to fit your needs.

Lexar. When Memory Matters.™

*Speeds based on internal testing. Actual performance may vary. Security safeguards, by their nature, are capable of circumvention. Lexar does not guarantee data will be 100% secure from unauthorized access, alteration, or destruction. Actual usable memory capacity may vary. 1GB equals 1 billion bytes.
