Capacities:

1GB
2GB
4GB
8GB
16GB

Convenient Capacity Meter on a Secure Drive

Lexar offers a comprehensive line of high-performance USB flash drive products designed with a wide variety of features, capacities, and capabilities. With so many options, it's easy to find the perfect Lexar JumpDrive® product to fit your needs and lifestyle.

Loaded with advanced security features, Lexar JumpDrive Secure II Plus is a sleek USB flash drive that provides the ideal solution for safely storing, transferring, and sharing multimedia and more. It offers the same great advanced security software as the original JumpDrive Secure II, but now includes an innovative onboard capacity meter for ultimate convenience. Lexar JumpDrive Secure II Plus is available in 1GB, 2GB, 4GB, 8GB, and 16GB capacities.

Ultimate Functionality

Onboard Capacity Meter for Ultimate Convenience. Lexar JumpDrive Secure II Plus features an innovative, easy-to-read, 10-bar capacity meter that displays available storage space at a glance, even when disconnected from a computer. JumpDrive Secure II Plus works across platforms and its display functions independently of the operating system—giving you complete flexibility and ease of use.

Advanced Security Software to Protect Your Data. JumpDrive Secure II Plus comes pre-loaded with advanced security software that lets you protect your data securely, quickly, and easily. You can create multiple password-protected areas called Encrypted Vaults that automatically encrypt your data with on-the-fly 256-bit AES encryption. And for peace of mind that your data is secure, the File Shredder feature lets you securely and thoroughly delete files so they can't be recovered.

Includes Valuable Free Software. Transform your JumpDrive Secure II Plus into your personal PC on the go! The drive comes pre-loaded with a free 30-day trial of Dmailer V7 software, which enables you to easily backup and synchronize all of your files, including Microsoft® Outlook® and Outlook Express.* And with 128-bit AES encryption, you can work with files and surf the web securely, knowing that no trace of your session will be left behind.

Serious Storage for All Your Data. JumpDrive Secure II Plus is a Hi-Speed USB drive with a simple plug-and-play design that allows you to quickly and easily transfer and store data and multimedia files. With great features, innovative software, and a convenient capacity meter, Lexar JumpDrive Secure II Plus is the ideal solution for easily storing and protecting all your valuable files, photos, video, and more.

*Dmailer software is only compatible with Windows 2000, XP, and Vista. Actual usable memory capacity may vary. 1MB equals 1 million bytes; 1GB equals 1 billion bytes.

Security safeguards, by their nature, are capable of circumvention. Lexar does not guarantee data will be 100% secure from unauthorized access, alteration, or destruction.
